

QUALITY POLICY

The overall quality policy of Geo-Chem Middle East recognizes the importance of consistency in quality and reliability of testing and inspection by adopting the latest methods and use of sophisticated Equipments. Methods and instruments are constantly upgraded not only to meet the stringent quality needs of local and international standards but also to meet customer requirements thereby achieving customer satisfaction.

Additionally, we all pledge each workday to continually strive for improvement in all areas of service to our customers. These improvements will be sought throughout Geo Chem Middle East operations because every task of every employee affects the quality of our services. We innovate and continuously improve management system to ensure our work is consistent with this commitment.

Geochem is committed to environmental protection, employee safety and health, we will conduct our business in a manner that safeguards the environment, our employees, our customers and the public.

Geo Chem Middle East gives importance to the employee participation at various levels in achieving the goal of improvements in quality testing and customer satisfaction. Geo-Chem Middle East ensures personnel familiarize themselves with the quality documentation and implement the policies and procedures in their work.

In support of this policy, Geo Chem Middle East is implementing the ISO 9001:2008 and ISO/IEC 17025:2005 total Laboratory Quality Management System .All employees understand their responsibility to perform their assigned duties in such a manner that the objectives and intent of this Quality Management System are realized.

I, as the Management Director of Geo Chem Middle East, affirm my own support and commitment to this Quality Policy and will provide the leadership, resources and training to support it to comply with the requirements of the ISO 9001:2008 and ISO/IEC 17025:2005 Quality Management System

Rajiv Bahl
Managing Director
